The Tournament Format

The tournament will consist of eight games of scratch match play bowling. The Excel randomizing feature will determine opponents & lane assignments for game 1. The "A" bowler on each pair matches against the "B" bowler, and "C" vs. "D". Standings will be determined by match play wins and secondly by total pinfall. Games 2 through 8 will be position rounds. No match will end in a tie. One-ball tiebreakers will determine a winner. The tiebreaker will be bowled on the lane where the bowler played their 10th frame. Left lane bowls first. If additional tiebreakers are required, the bowlers will alternate lanes. After 8 games, if two or more bowlers are tied for first place, a one game roll-off will take place to determine a champion.

NEW ! - The Champions Pot – NEW

If entered, this pot will go to the Champion of the Tournament.

If the Champion did not enter the pot or did not play for the full amount, the pot carries over to NCMG 21.

A \$5 Entry wins 20% of the Pot

A \$15 Entry wins 60% of the Pot

A \$10 Entry wins 40% of the Pot

A \$20 Entry wins 100% of the Pot

The Brackets

4 sets of \$3 brackets will be conducted. The first set of brackets will use games 2, 3, & 4. Set 2 will use games 3, 4, & 5. Set 3 will use games 4, 5, & 6 and the fourth set will use games 5, 6, & 7. Players are required to enter the same number of brackets in each set. (Example: one \$3 bracket in each of the 4 sets = \$12, five \$3 brackets in each set = \$60.) Players may enter up to 15 brackets in each set. If there are more than 30 brackets per set, then players may increase their entries to 50% of the available brackets per set.

The High Game Pots

Individual high game pots will be available for \$25. The \$25 covers all 8 games. The pot will pay 2 spots per game, 2/3's for the high game & 1/3 for the second high game.
